Since the name of the person is the person, in the most literal and absolute sense, anyone who knows it has real power, power of life and death, over the person. Often a true name is never known to anybody but the giver and to the owner, who both keep it secret all their life. The power to give the true name and the

He smelled the wind of evening and saw the sky of evening through the branches and leaves of trees. An arched oak root formed the mouth of the cave, no bigger than a man or a badger needed to crawl through. He crawled through. He brought the boards from Sixth's mill in Re Albi, driving Gammer's ox-team; he laid the floor and polished it the next day, while the old wizard was up at Bog Lake gathering simples. When Dulse came home there it was, shining like a dark lake itself. "Have to wash my feet every time I come in," he grumbled. He walked in gingerly. She looked up once at Otter, moving her eyes only. She spat into the fire, wiped her sore mouth with her hand, and stood motionless again.. "Why can't we build fishing boats, the way we used to?" he asked, and his father said, "Because..But after ten days or so, Licky said, "Master Gelluk's coming here. He had seen poor men pay witches a year's earnings for the promise of a healthy boy, and a rich man touch his gold-bedizened baby's face and whisper, adoring, "My immortality!" He had seen men beat their sons, bully and humiliate them, spite and thwart them, hating the death they saw in them. He had seen the answering hatred in the son's eyes, the threat, the pitiless contempt. And seeing it, Dulse knew why he had never sought reconciliation with his father..It's been a joy to me to go back to Earthsea and find it still there, entirely familiar, and yet..Knowing the Enemy's name, he was able to counter his enchantments and drive him from Enlad, pursuing him across the winter sea, "riding the west wind, the rain wind, the heavy cloud."
