Then Dragonfly came back to herself and called to Ivory and ran down the hill to meet him. "I will. Medra woke in pain, in darkness. For a long time that was all there was. The pain came and went, the darkness remained. Once it lightened a little into a twilight in which he could dimly see. He saw a slope running down from where he lay towards a wall of stones, across which was darkness again. But he could not get up to walk to the wall, and presently the pain came back very sharp in his arm and hip and head. Then the darkness came around him, and then nothing..unyielding. Diamond had no idea what opinion Hemlock had of him, and guessed it to be pretty low..Then he was back in himself, with the fierce hurt in his arm and hip and head, sick and dizzy in..very lonesome. She woke as suddenly when the east was just getting light. She went to the door to see what she loved best to see, the sky before sunrise. Looking down from it she saw Azver the Patterner rolled up in his grey cloak, sound asleep on the ground before her doorstep. She withdrew noiselessly into the house. In a little while she saw him going back to his woods, walking a bit stiffly and scratching his head as he went, as people do when half awake..She went to the wall, and it opened like a small bar. She stood in front of the opening..Since the name of the person is the person, in the most literal and absolute sense, anyone who knows it has real power, power of life and death, over the person. Often a true name is never known to anybody but the giver and to the owner, who both keep it secret all their life. The power to give the true name and the imperative to keep it secret are one. True names have been betrayed, but never by the name giver..Nobody fools with me. We make a pretty good living. Winters, I go stay with Mother and help her. "Maybe with such teaching you could teach the wizards a lesson," Mead said..Women who work magic may practice periods of celibacy as well as fasting and other disciplines believed to purify and concentrate power; but most witches lead active sexual lives, having more freedom than most village women and less need to fear abuse.
