"I see, I see," said Amos. "How did the skinny grey man steal it from you, and what does he want with it?" branches, the orange melons on the vines. The most annoying thing of all, however, were the swarms of golden gnats that buzzed about him. He would beat at them with the umbrella, but they came right back again. "No." She shook her hair back over her shoulders. "I don't take over officially until January. I just come early to exercise." The new marvel was a simple affair in the middle of that living petrochemical complex. It was a short-cut portal. "Screen!" he yells. "Come out, Screen!" getting out of a taxi. She goes into the lobby of an apartment building. The husband watches as she gets hugged. She glances over at me and winks, and my face starts to flush. One-way...as a luxury, and about as useful as the nipples on a man's chest. But I was wrong. All the NASA people were wrong. The Astronaut Corps fought like crazy to keep you off this trip. Time enough for that on later flights. We were blinded by our loyalty to the test-pilot philosophy of space flight. We wanted as few scientists as possible and as many astronauts as we could manage. We don't like to think of ourselves as ferry-boat pilots. I think we demonstrated during Apollo that we could handle science jobs as well as anyone. We saw you as a kind of insult, a slap in the face by the scientists in Houston to show us how low our stock has fallen."
