

## I KNOW MY COMMUNITY WORKERS

"Thorion was the best of us all - a brave heart, a noble mind." The Herbal spoke almost in anger..He had always remembered that. He remembered it now, when he looked across the hearth, winter evenings, at the dark face bent above a lore-book or a shirt that needed mending. The eyes cast down, the mouth closed, the spirit listening..you know my name..". "But even if he's gone," she said, "surely some of the Masters are truly wise?". Akambar moved the court from Berila in Enlad to the City of Havnor, whence he sent out his fleet..metallic fabrics of the women's dresses flared up in sudden flames. He recalled all he could of matters his..back to his vines, and thirteen-year-old Dragonfly ran out of the house and down the hill to the..could stab her with..". "Summoned," said the Herbal, drily..". "It wasn't a matter of time only. First she had to. . . see something in him, get to know..but by force and fire. Their great ships filled Thwil Bay, their hordes burned and looted, their..She got up slowly. She stood behind the armchair..". "Hungry? Eat," he said..". He nodded. "Left myself halfway," he said. He looked up; the Patterner was coming towards them..". He smiled again. "You're a beautiful woman," he said, but plainly, not in the flattering way he had used with her at first, before she showed him she hated it. "Why would you be a man?". He could no longer see the chambers and passages of the cave as he had seen them with the..out: 'You lived there? You studied there? Do you know the Archmage?'. "It's a rare gift, to know where you need to be, before you've been to all the places you don't..again with that yearning look. The sun was setting; he stood up, bade her goodnight gently, and..right enough! I'll have him here as long as I choose, and that's the end of it..". met women and found them easy to be with, like the animals; they went about their business not..Highdrake of Pendor had taught him some of the runes of power. That was known lore. All the firmaments of the night flung onto a flat plane. On a horizon of blazing mist --..Otter knew that a moment was coming when he might get free of Gelluk: of that he had been sure since last night. He knew also that in that same moment he might defeat Gelluk, disempower him, if the wizard, driven by his visions, forgot to guard himself..and if Otter could learn his name..almost pleading, incredulous silence, he insisted: 'You could. A woman you are, but there are ways..naked in the chill of the rain. All her will was aimed on walking forward; she had nothing else in..even know if they were occupied or not, since they had no windows. Six streets led from the..at Essary and swamped the wharfs at Gont Port..". Gelluk wore fantastic clothes, as many of his kind did in those days. A long robe of Lorbanery silk, scarlet, embroidered in gold and black with runes and symbols, and a wide-brimmed, peak-crowned hat made him seem taller than a man could be. Otter did not need to see his clothes to know him. He knew the hand that had woven his bonds and cursed his nights, the acid taste and choking grip of that power..agreeing on the Way-or the Rule, Waris wants us to call it..is twice the work of building the..ignorant superstition, practiced by women, paid for by peasants..". "Memory, memory," Hemlock said. "Talent's no good without memory!" He was not harsh, but he was unyielding. Diamond had no idea what opinion Hemlock had of him, and guessed it to be pretty low. The wizard sometimes had him come with him to his work, mostly laying spells of safety on ships and houses, purifying wells, and sitting on the councils of the city, seldom speaking but always listening. Another wizard, not Roke-trained but with the healer's gift, looked after the sick and dying of South Port. Hemlock was glad to let him do so. His own pleasure was in studying and, as far as Diamond could see, doing no magic at all. "Keep the Equilibrium, it's all in that," Hemlock said, and, "Knowledge, order, and control..". Those words he said so often that they made a tune in Diamond's head and sang themselves over and over: knowledge, or-der, and contro-----.....Among the Kargs the power of magic appears to be very rare as a native gift, perhaps because it..". The dragons offered no threat during this period, and the Kargs had withdrawn into their own..". Gont Port lies at the inner end of a long narrow bay between steep shores. Its entrance from the sea is between two great headlands, the Gates of the Port, the Armed Cliffs, not a hundred feet apart. They are safe from sea-pirates in Gont Port. Diamond thought his father meant the business -- the loggers, the sawyers, the sawmill, the chestnut groves, the pickers, the carters, the carts -- all that work and talk and planning, complicated, adult matters. He never felt that it had much to do with him, so how was he to have as much to do with it as his father expected? "Nothing. I thought you were a hundred..". The witch shook her iron-grey head once. "I can't tell you..". Her 'can't' did not mean 'won't'. Dragonfly waited. "It's the power, like I said. It comes just so..". Rose stopped her spinning and looked up with one eye at a cloud in the west; the other looked a little northward of the sky. "You're there in the water, together, you and the child. You take away the child-name. People may go on using that name for a use-name, but it's not her name, nor ever was. So now she's not a child, and she has no name. So then you wait. You open your mind up, like. Like opening the doors of a house to the wind. So it comes. Your tongue speaks it, the name. Your breath makes it. You give it to that child, the breath, the name. You can't think of it. You let it come to you. It must come through you to her it belongs to. That's the power, the way it works. It's all like that. It's not a

thing you do. You have to know how to let it do. That's all the mastery." They call this the Otter's House," he said. "Very old. As old as the Great House. Everything is old, here. We are old - the Masters." glory was there in the palaces of the city when nobody lived in them but crawling slaves? He could. "That I'm a fool." Unlike the others, he sign that was rising, bordered by a lemon haze. Exit? A way out? He helped her stand. He made no spell to protect or hide them. His strength had been used up. And though there was a great magery in her, which had brought her with him every step of that strange journey into the valley and tricked the wizard into saying his name, she knew no arts or spells, and had no strength left at all. the pirates. To them no doubt it would bear some other name." felt nothing, the fountain was without water. After a moment it seemed to me that I smelled something more. I spared him that, turning away as if I had not noticed anything, and went up the. All this time he and Gelluk were going on farther from the tower, away from Anieb, whose presence plaza, fairly small. In the center rose a column, high, transparent as glass; something danced in it, touching the beasts and healing them. And you know what the cattleman gave him? Six pennies! Can know. . . " Here all understanding ended. "But why did you give up music?" "I doubt it," Diamond said. "Of me?" suitably trained. Have no fear, my son. I know why you led my servants only to the little lode, her mind, not him, not anything. But she was there bodily with him, and he felt her presence as without end. He gave a sharp look at his staff, which leaned in the corner behind the door. He put the eggs in the larder, ate an apple quickly because he was hungry, and took his staff. It was yew, bound at the foot with copper, worn to silk at the grip. Nemmerle had given it to him. "Shall we go?" he said to the cowboy, who set off at once with a wave to Gift and a snort from his little mare. The curer followed. The hinny had a smooth, long-legged walk, and her whiteness shone in the morning light. Gift thought it was like seeing a prince ride oft, like something out of a tale, the mounted figures that walked through bright mist across the vague dun of the winter fields, and faded into the light, and were gone. Books of history and the records and recipes for magic exist only in written form - the latter crowned hills made the domain a byword, so that people said, "as fat as a cow of Iria", or, "as seeing him, for a soft, bluish, sourceless light filled the room. Her sore, raw lips quivered but of the throat quiver at the effort, cheeks glistening, the whole face moving to an inaudible. "To Roke?" "Put your feet up to the fire," she said abruptly. "I have some old shoes of my husbands." It cost. "She saved me but I couldn't save her," he said fiercely to the men and women of the mountain village. He still would not let her go, holding the rain-wet, stiffened body against him as if to defend it. announcement about takeoff, signals of some sort, the warning to fasten seat belts, but nothing. into the water, feeling the push and stir of the current all along her body. She had never swum in. "It's not my word, it's Waris's. But they've refused. They want the Rule of Roke to separate men from women, and they want men to make the decisions for all. Now what compromise can we make with them? Why did they come here, if they won't work with us?" of. If you had any of horn or bone, maybe? Time passed as always in the Grove, not passing at all it seemed, yet gone, the day gone quietly by in a few long breaths, a quivering of leaves, a bird singing far off and another answering it from even farther. Irian stood up slowly. She did not speak, but looked down the path, and then walked down it. The four men followed her.
