If he went along the coast of the Great Isle, in many of those villages he might have found a midwife or a wise woman or a sorcerer who knew the sign of the Hand and would help him; but with Hound on his track, most likely he left Havnor as soon as he could, shipping as a crewman on a fishing boat of the Ebavnor Straits or a trader of the Inmost Sea. That green hill, Roke Knoll, was founded deeper than all the islands. The trees he had seen, which seemed sometimes to be in one place on the isle and sometimes in another, were the oldest trees in the world, and the source and center of magic.
