"So what brought you here?" the Changer asked, stern, but not hiding his curiosity..carthorses, jolting slowly along, his legs angling. Down by Jackass Hill an uncouth figure rose up."Then you must tell me the word you will speak to the Doorkeeper." Ivory's spell of semblance dropped away like a cobweb. She was and looked herself..cool, as if a mountain stream ran through them..waking up, it occurred to me: I was on Earth..vomiting and shuddering, and San was staring and trying to say, "Avert! Though they speak the True Speech, they are endlessly devious. Some of them clearly enjoy battles of wits with wizards, "splitting arguments with a forked tongue." Like human beings, all but the greatest of them conceal their true names. In the lay Hasa's Voyage, the dragons appear as formidable but feeling beings, whose anger at the invading human fleet is justified by their love of their own desolate domain. They address the hero:..know some words of the Old Speech innately. But the very great majority of people must learn the.Osskili, spoken in Osskil and two islands northwest of it, has more affinities to Kargish than to Hardic. Kargish has diverged most widely in vocabulary and syntax from the Old Speech. Most of its speakers (like most Hardic speakers) do not realise that their languages have a common ancestry. Archipelagan scholars are aware of it, but most Kargs would deny it, since they have confused Hardic with the Old Speech, in which spells are cast, and thus fear and despise all Archipelagan speech as malevolent sorcery..rest of the winter, except the cattle dying. All the people who worked in the heat and fumes of the roaster tower were naked or wore only breechclout and moccasins. Otter glanced again at the slave, thinking by his height he was a child, and then saw the small breasts. It was a woman. She was bald. Her joints were swollen knobs in her bone-thin limbs. She looked up once at Otter, moving her eyes only. She spat into the fire, wiped her sore mouth with her hand, and stood motionless again..see it, if you don't mind, sir. He won't come looking for it. But if he saw it, he'd take it. It was a sleepy southern island with a pretty old port town, Telio, built of rosy sandstone, and fields and orchards that should have been fertile. But the lords of Wathort had ruled it for a century, taxing and slave taking and wearing the land and people down. The sunny streets of Telio were sad and dirty. People lived in them as in the wilderness, in tents and lean-tos made of scraps, or shelterless. "Oh, this won't do," Crow said, disgusted, avoiding a pile of human excrement. "These creatures don't have books, Tern!"..and in its walls were thin, crimson, crumbling beds of cinnabar... He made no sign. In the Court of the Fountain, in the very deepest inside..She stretched, feeling the ease of her body in the warmth, and her mind drifted back to Ivory. She had had no one in her life to desire. When the young wizard first came riding by so slim and arrogant, she wished she could want him; but she didn't and couldn't, and so she had thought him spell-protected. Rose had explained to her how wizards' spells worked 'so that it never enters your head nor theirs, see, because it would take from their power, they say'. But Ivory, poor Ivory, had been all too

unprotected. If anybody was under a spell of chastity it must have been herself, for charming and handsome as he was she had never been able to feel a thing for him but liking, and her only lust was to learn what he could teach her..When he was Gelluk's prentice and assistant, he had encouraged his master in the study of the lore of Way, finding himself free while Gelluk was off doting on his quicksilver. But Gelluk's abrupt fate had shaken him. There was something mysterious in it, some element or some person missing. Summoning the useful Hound to help him, Early had made a very thorough inquiry into what happened. Where Gelluk was, of course, was no mystery. Hound had tracked him straight to a scar in a hillside, and said he was buried deep under there. Early had no wish to exhume him. But the boy who had been with him, Hound could not track: could not say whether he was under that hill with Gelluk, or had got clean away. He had left no spell traces as the mage did, said Hound, and it had rained very hard all the night after, and when Hound thought he had found the boy's tracks, they were a woman's; and she was dead..he was cheating, hiding his power, a rival hiding his power?
