"Of course," Golden said, pleased with his son's caution. He had thought Diamond might leap at the. with a strap. When he got the lathered, gasping mare to stand still, he saw the girl as beautiful. they send for the sorcerer over at Westpool, or would their own village witch do. The Master of. "We all do harm by being," said the Patterner..He nodded. There, women know the Old Powers. Here too, witches. And the knowledge is bad - eh?". "Master Ivory said I could pass for a man. Though I thought I should say who I was. I will be as me; a flat tabletop had begun to descend, making a kind of desk, but it was a bed that I wanted. I. "Memory, memory," Hemlock said. "Talent's no good without memory!" He was not harsh, but he was unyielding. Diamond had no idea what opinion Hemlock had of him, and guessed it to be pretty low. The wizard sometimes had him come with him to his work, mostly laying spells of safety on ships and houses, purifying wells, and sitting on the councils of the city, seldom speaking but always listening. Another wizard, not Roke-trained but with the healer's gift, looked after the sick and dying of South Port. Hemlock was glad to let him do so. His own pleasure was in studying and, as far as Diamond could see, doing no magic at all. "Keep the Equilibrium, it's all in that," Hemlock said, and, "Knowledge, order, and control." Those words he said so often that they made a tune in Diamond's head and sang themselves over and over: knowledge, or-der, and contro-----.....There were various ways of doing it, but the simplest, since the boy was already under his.Immanent Grove. Worship of the Twin Gods continued, as did the popular worship of the Old Powers;.Golden did not like the child. She was both outspoken and defensive, both rash and timid. She was a girl, and a year younger than Diamond, and a witch's daughter. He wished his son would play with boys his own age, his own sort, from the respectable families of Glade. Tuly insisted on calling the witch "the wisewoman," but a witch was a witch and her daughter was no fit companion for Diamond. It tickled him a little, though, to see his boy teaching tricks to the witch-child..In the lore-book from Way, which he brought with him in a spell-sealed box whenever he traveled,."I may be able to help the beasts.".She was in tears. They hugged, and she stroked his thick, shining hair and apologized for being cruel, and he hugged her again and said she was the kindest mother in the world, and so she went off. A dog's tooth had ripped his breeches at the calf, and a trickle of blood came through.."I was born in Havnor and trained as a shipwright and a sorcerer. I was on a ship bound from Geath to O Port. He says that when King Lebannen was to be crowned, last autumn, he sent to Gont for the old Archmage to come crown him, and he wouldn't come. And there was no new Archmage. So he took the crown

himself. And some say that's wrong, and he doesn't rightly hold the throne. But others say the king himself is the new Archmage. But he isn't a wizard, only a king. So others say the dark years will come again, when there was no rule of justice, and wizardry was used for evil ends."Taking me there?" of Roke say it didn't happen so, let them tell us how it happened otherwise. There were two others, one."I've been thinking about it," she said, hurried and earnest. "Couldn't I just tell them who I am? "The."If a word can heal, a word can wound," the witch said. "If a hand can kill, a hand can cure. It's a poor cart that goes only in one direction,".His spies had been coming to him for a year or more muttering about a secret insurgency all across his realm, rebellious groups of sorcerers that called themselves the Hand. Eager to find his enemy, he had one such group investigated. They turned out to be a lot of old women, midwives, carpenters, a ditchdigger, a tinsmith's prentice, a couple of little boys. Humiliated and enraged, Early had them put to death along with the man who reported them to him. It was a public execution, in Losen's name, for the crime of conspiracy against the King. There had perhaps not been enough of that kind of intimidation lately. But it went against his grain. He didn't like to make a public spectacle of fools who had tricked him into fearing them. He would rather have dealt with them in his own way, in his own time. To be nourishing, fear must be immediate; he needed to see people afraid of him, hear their terror, smell it, taste it. But since he ruled in Losen's name, it was Losen who must be feared by the armies and the peoples, and he himself must keep in the background, making do with slaves and prentices..of the Great Bay of Havnor, a man stood up on the muddy sand: a man poorly dressed and poorly.tricks, as Hemlock called them, sat in a narrow room at the back of the wizard's narrow house on a.To find her on Hemlock's side was a blow..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (69 of 111) [2/5/2004 12:33:31 AM].furiously.
