The Herbal, and I too, judged the Summoner dead. We thought the breath he breathed was left from some spell of his own art that we did not understand, like the spell snakes know that keeps their heart beating long after they are dead. Though it seemed terrible to bury a breathing body, yet he was cold, and his blood did not run, and no soul was in him. That was more terrible. So we made ready to bury him. And then, by his grave, his eyes opened. He moved, and spoke. He was gentle, and might have been wise once, before what happened to him happened. And he wasn't so mad as all that. Mad in patches, mad at moments. Nothing in him was whole, not even his madness. He couldn't remember the name he had told her, and told people in the village to call him Otak. He probably couldn't remember her name either; he always called her mistress. But maybe that was his courtesy. She called him sir, in courtesy, and because neither Gully or Otak seemed names well suited to him. The tactful Ivory asked no more. But he wanted to see the girl as beautiful as a flowering tree. He rode past Old Iria regularly. He tried stopping in the village at the foot of the hill to ask questions, but there was nowhere to stop and nobody would answer questions. A wall-eyed witch took one look at him and scuttled into her hut. If he went up to the house he would have to face the pack of hellhounds and probably a drunk old man. But it was worth the chance, he thought; he was bored out of his wits with the dull life at Westpool, and was never slow to take a risk. He rode up the hill till the dogs were yelling around him in a frenzy, snapping at the mare's legs. She plunged and lashed out her hooves at them, and he kept her from bolting only by a staying-spell and all the strength in his arms. The dogs were leaping and snapping at his own legs now, and he was about to let the mare have her head when somebody came among the dogs shouting curses and beating them back with a strap. When he got the lathered, gasping mare to stand still, he saw the girl as beautiful as a flowering tree. She was very tall, very sweaty, with big hands and feet and mouth and nose and eyes, and a head of wild dusty hair. She was yelling, "Down! Back to the house, you carrion, you vile sons of bitches!" to the whining, cowering dogs..loved to play. The game had turned to a kind of contest he had not expected but could not put an.The heat of the day was beginning to lessen and the shadows of the Grove lay across the grass, though the Otter's House was still in sunlight. Kurremkarmerruk sat on the bench with his back against the house wall, and Azver on the doorstep..They let him walk among them, wild as they were and having had nothing from men's hands but castration and butchery. He had a pleasure in their trust in him, a pride in it. He should not, but he did. If he wanted to touch one of the great beasts he had only to stand and speak to it a little while in the language of those who do not speak. "Ulla," he said, naming them. "Ellu. Ellua." They stood, big, indifferent; sometimes one looked at him for a long time. Sometimes one came to him with its easy, loose, majestic tread, and breathed into his open palm. All those that came to him he could cure. He laid his hands on them, on the stiff-haired, hot flanks and neck, and sent the healing into his hands with the words of power spoken over and over. After a while the beast would give a shake, or toss its head a bit, or step on. And he would drop his hands and stand there, drained and blank, for a while. Then there would be another one, big, curious, shyly bold, muddy-coated, with the sickness in it like a prickling, a tingling, a hotness in his hands, a dizziness. "Ellu," he would say, and walk to the beast and

But it's a of the Great Bay of Havnor, a man stood up on the muddy sand: a man poorly dressed and poorly. Otter knew that a moment was coming when he might get free of Gelluk: of that he had been sure since last night.
