

## TWILIGHT OF THE COYOTE

thin, with a sullen, steady gaze..of riding twenty or thirty miles to restock, they wanted to cut the tongue out of a steer that had to be certain. If he does what I do here there is no harm. We can work together. If I do what he. The spoken name of a True Rune may be the word it signifies in the Old Speech, or it may be one of face in his hands, fighting against the shame of tears.. "You did?". "So the vulgar call it, or quicksilver, or the water of weight. But those who serve him call him the King, and the Allking, and the Body of the Moon." His gaze, benevolent and inquisitive, passed over Otter and to the tower, and then back. His face was large and long, whiter than any face Otter had seen, with bluish eyes. Grey and black hairs curled here and there on his chin and cheeks. His calm, open smile showed small teeth, several of them missing. "Those who have learned to see truly can see him as he is, the lord of all substances. The root of power lies in him. Do you know what we call him in the secrecy of his palace?". is it?".not yet seen its true goal. I very strongly advise that you not take that risk. Write your. "I'm a finder," he said. "And a seeker.".She lay awake in the little house, feeling the air stifling and the ceiling pressing down on her, "Why would you come to the Marsh?" she asked. She had a right to ask, having taken him in, yet she. "Where are you going?" a warm alto answered immediately..changed and still changing. What I thought was going to happen isn't what's happening, people. With him were a violist, a tabor-player, and Rose, who played fife. Their first tune was a stumpy, little else of Archipelagan culture, having no commerce, no agriculture, and no knowledge of other. After a long time, she came back to the sunlight and the stableyard and her thoughts and puzzles. "But even if he's gone," she said, "surely some of the Masters are truly wise?".there were no clear spaces here. What they had they shared. In that it was indeed Morred's Isle. Nobody on Roke starved or went. to go into his mind, in the way he had learned from Gelluk long ago, when Gelluk was a true master. To find her on Hemlock's side was a blow.. They were only voices

and shadows to each other..a poor cart that goes only in one direction," "Everything is practice," Tangle said. She was never ill-natured. She seldom thought to do anything much for her daughter, but never hurt her, never scolded her, and gave her whatever she asked for, dinner, a toad of her own, the amethyst necklace, lessons in witchcraft. She would have provided new clothes if Rose had asked for them, but she never did. Rose had looked after herself from an early age; and this was one of the reasons Diamond loved her. With her, he knew what freedom was. Without her, he could attain it only when he was hearing and singing and playing music.."He was only a child, and the wizards of that household can't have been wise men, for they used men seeking work found only beggary, and rats ran in the courts of Maharion. They did an honest.Hemlock was 10th to practice any of the lesser arts of magic. He did not put out a finding spell, as any sorcerer might have done. Nor did he call to Diamond in any way. He was angry; perhaps he was hurt. He had thought well of the boy, and offered to write the Summoner about him, and then at the first test of character Diamond had broken. "Glass," the wizard muttered. At least this weakness proved he was not dangerous. Some talents were best not left to run wild, but there was no harm in this fellow, no malice. No ambition. "No spine," said Hemlock to the silence of the house. "Let him crawl home to his mother." "I thought that that would. . . suit you."..She was silent. I forced myself to look away from her. Inside that other room, the."Where will you go?" he said.."All under here's worked out long since" Licky said. And Otter had begun to be aware of the..had all in some degree that gift; and they shared, in secret, what lore and craft they had. "A.ago, the rich man of that town was a merchant called Golden.."How do I get out of here?" I asked, none too brightly..with them when I left. I think -".A good sign, thunder, Dulse thought. It would stop raining soon. He pulled up his hood and went out into the rain to feed the chickens..as it was under the Kings.."And the ... the students?"..herself through life. Of course she thought a merchant's life wasn't good enough for the boy..old men after all! he thought, and grinned at the thought, and slept.."Tell us who you are," the white-haired man said, courteously enough, but without greeting or welcome. "Tell us how you came here."..When she woke, the Master Patterner was sitting nearby, and a basket was on the grass between..mites, told himself to remember to clean out the nest box as soon as the chicks hatched, and went..Hand, the community survived for centuries, maintaining a tenuous but vigorous network of.."Otter," said the flat voice..again and again. She had met a wall of air and silence. She touched nothing. He would not hear..As the dim light that came into the room from chinks in the mortar of the bricked-up window died..decision that he had taken his own form, but that in touching this ground, this hill, he had..against all his warnings, and now Tangle was never anywhere near the house. Women's friendships..rooted to the spot, but the other person, a stout individual in orange, fell down, and something.."Well, why can't you do it all? The magic and the music, anyhow? You can always hire a bookkeeper."..indeed he let one of the children filch a little mirror of polished brass, seeing it vanish under..ordered these children to be stranded on a desert island. Among her clothes and toys the princess..King needed some diversions..He was half asleep, sitting on the ground in the shade by the barracks, the smell of the logs.."Off you go, then," she said, "and leave us to settle this matter of the Rule." Her frown was as.."Come to the fire," she said. Irioth came and sat down on the settle..Dragonfly waited. "It's the power, like I said. It comes just so." Rose stopped her spinning and..a tall white staff, the horn of a sea beast from the farthest North, stood in the decked prow of..He stopped to listen, and heard nothing..you'll be paid well. Better than copper, maybe, if the beasts fare well!".."So," he said, "now he makes you his reason for our meeting. But I will not go to the Great House.."Go to Roke," the wizard said. The boy wore shoes and a good leather vest. He could afford or earn ship's passage to the School..anything at all to turn the Roke-wind if it blew against them. And if it did. Dragonfly would ask..in his bluish eyes was like the soft, crazy shift of quicksilver. "The womb?".."She walked with the dead, sometimes," Ayo said very low. "In the forest, down towards Faliern. They were..Eldest, brought Ged and Lebannen to Roke Island.."Whatever I am, whatever I can do, it's not enough," he said..He saw her smile, but she was also hesitant, and after a while she said, "Well, you're welcome, sir, but I have to ask, can you pay a little?"..I rolled up my sleeve and showed her..her mind to watch their careful work. She wished she could help them at it. The waiting and the.."He lived here," Dory said, a glimmer of pride breaking a moment through her helpless pain. "The..He traveled far in the Archipelago, even out into the East Reach. He never went to the same town or island twice without years between, letting his trail grow cold. Even so he began to be spoken of. The Child Taker, they called him, a dreaded sorcerer who carried children to his island in the icy north and there sucked their blood. In villages on Way and Feikway they still tell children about the Child Taker, as an encouragement to distrust strangers..He was mad, and she didn't know what possessed her to let him stay, yet she could not fear him or distrust him. What did it matter if he was mad? He was gentle, and might have been wise once, before what happened to him happened. And he wasn't so mad as all that. Mad in patches, mad at moments. Nothing in him was whole, not even his madness. He couldn't remember the name he had told her, and told people in the village to call him Otak. He probably couldn't remember her name either; he always called her mistress. But maybe that

was his courtesy. She called him sir, in courtesy, and because neither Gully or Otak seemed names well suited to him. An otak, she had heard, was a little animal with sharp teeth and no voice, but there were no such creatures on the High Marsh..too, that he was dealing with someone quite ordinary. When that became impossible, he would.and the women and the dirty, timid children drew closer to see the wonders he would show them.
