As if to illustrate what he was saying, he had picked up a bit of brick from the broken pavement, and tossed it up in the air, and as he spoke it fluttered about their heads on delicate blue wings, a butterfly. He put out his finger and the butterfly lighted on it. He shook his finger and the butterfly fell to the ground, a fragment of brick. "I don't know. It's why I wanted to come to Roke. To find out." When Medra took her hand his hand shook, and Ember, whose name was Elehal, turned away scowling. Then she touched his hand very lightly. When he stroked the sleek black flow of her hair she seemed only to endure his touch, and he stopped. When he tried to embrace her she was stiff, rejecting him. Then she turned and, fierce, hasty, awkward, seized him in her arms. It wasn't the first night, nor the first nights, they passed together that gave either of them much pleasure or ease. But they learned from each other, and came through shame and fear into passion. Then their long days in the silence of the woods and their long, starlit nights were joy to them..The Kargish version of the story, told as a sacred recital by the priesthood, says that Intathin defeated Erreth-Akbe, who "lost his staff and amulet and power" and crept back to Havnor a broken man. To Diamond's lips Rose's face was soft as silk, with just a hint of grittiness on one cheek, which she had rubbed with a dirty hand. They moved a little closer so that their breasts and bellies touched, though their hands stayed down by their sides. They went on kissing..and yet slower, but they walked on. There was no sound but the sound of the rain falling from the old Archmage to come crown him, and he wouldn't come. And there was no new Archmage. So he took. "Decent?" I suggested. Her eyelids fluttered. Did she have a metallic film on them as. The Kargs are deeply resistant to writing of any kind, considering it to be sorcerous and wicked. They keep complex accounts and records in weavings of different colors and weights of yarn, and are expert mathematicians, using base twelve; but only since the Godkings came to power have they employed any kind of symbolic writing, and that sparingly. Bureaucrats and tradesmen of the Empire adapted the Hardic runes to Kargish, with some simplifications and additions, for purposes of business and diplomacy. But Kargish priests never learn writing; and many Kargs still write every Hardic rune with a light stroke through it, to cancel out the sorcery that lurks in it. "Yes. To send away one woman, it takes nine mages." He very seldom smiled, and when he did it was. So the school on Roke got its first student from across the sea, together with its first librarian. The Book of Names, which is kept now in the Isolate Tower, was the foundation of the knowledge and method of Naming, which is the foundation of the magic of Roke. Maharion died a few years after Erreth-Akbe, having seen no peace established, and much unrest and dissent within his kingdom. It was widely said that since the Ring of Peace was lost there could be no true king of Earthsea. He had to regain it all, to go through it. "Gully," he named himself after a pause, and she thought it was a name he had made up to call business and diplomacy. "Master San, it's about the cattle you have there between the rivers. I can go to them today." He did not know why he said this. It was not what he had meant to say..He shivered like a horse as he stood there, too tall for the herb-festooned rafters. He was very. "Free!" said the tall woman, and her voice cracked like a whip. Then she looked at her companions, and after a while she smiled a little. Turning back to Medra, she said, "We're prisoners, and so freedom is a thing we study. You came here through the walls of our prison. Seeking freedom, you say. But you should know that leaving Roke may be even harder than coming to it. Prison within prison, and some of it we have built ourselves." She looked at the others. "What do you say?" she asked them..I paced the room. She followed me with her eyes, as if I were. . . as if she stood in a cage..were filled with displays, I had had a cloudy sky over me; how, then, did it happen that now, a used to be, but Otterhide..Taking me there?".
